# VELVERT® - DISC

## Natural Antimicrobial Dressing

Patent No. US 10,076,552 B2

### PROPERTIES

- VELVERT® -DISC is a natural anti-microbial barrier dressing consisting of a polymeric sponge loaded with patented natural antimicrobial formulations.
- Used to absorb exudate and to cover a wound caused by the use of vascular and non-vascular percutaneous medical devices
- Proven to reduce local infections, catheter-related blood stream infections (CRBSI), and skin colonization of microorganisms commonly related to CRBSI, in patients with central venous or arterial catheters
- Provides immediate and continuous antimicrobial protection with integrated natural antimicrobial formulation
- The polymeric sponge is bio-compatible and non-toxic to human tissue

### COLOR

- Brown

### TEMPERATURE

- Store at temperature not more than 25°C

### SHELF LIFE

- 3 years from the date of mfg.

### MATERIAL

- VELVERT® -DISC consists of patented natural antimicrobial formulations containing curcumin, Green Tea Extract and Indian gooseberry extract

### INDICATIONS

Intended to be used as a hydrophilic wound dressing which helps absorb exudates and covers a wound caused by the use of vascular and non-vascular percutaneous medical devices such as:

- Short peripheral I.V. and midline venous catheters
- Central venous catheters (including subclavian, jugular, femoral and PICCs)
- Dialysis catheters
- Arterial catheters
- Epidural catheters
- Other percutaneous devices

### SIZES

- 2.5cm Ø – 4mm Ø
- 2.5cm Ø – 7mm Ø
