

Datt Mediproducts Private Limited

# VELNEZ™

## The Optimal Healing Solution

Patent No. US 10,293,075 B2

Indian Patent No. 337938

### PROPERTIES

- Ready to use sponge-based dressing to be used post nasal and sinus surgeries
- Fragmentable, and biocompatible device
- Provides compression at the tissue site and resorbs naturally
- No need for post-operative removal and hence atraumatic
- Breaks down into CO<sub>2</sub>, H<sub>2</sub>O, Lactate, Glycolate, Glucosamine and Amino acid
- Prevents adhesion by separating the compromised mucosal surfaces
- Adjunct to aid in the natural healing process
- Minimizes edema and slight bleeding
- Reduces fibrosis
- Soft and flexible and can be easily cut and fold
- Highly porous
- Ergonomic design for patient comfort

### INDICATIONS

- The fragmentable VelNez™ is intended to be used in the nasal/sinus cavity in surgery or trauma patients. It acts as a space occupying dressing, preventing adhesion by separating the compromised mucosal surfaces. It also helps in healing and achieving haemostasis.

### SIZES

- 10cm x 2cm
- 8cm x 2cm
- 8cm x 2cm x 0.2cm
- 6cm x 2cm
- 4cm x 2cm
- 4cm x 2cm x 0.2cm
- 4cm x 1cm

### COLOR

- White

### TEMPERATURE

- It should be stored at 4-30°C

### SHELF LIFE

- 3 years from the date of mfg.

### MATERIAL

- VelNez™ is a blend of natural and synthetic biocompatible biopolymers
